

Environmental Policy

Pro-Duct Ventilation Ltd. is committed to leading industry in minimising the impact of its activities on the environment.

The key points to this Strategy are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all environmental legislation that relates to the company.
- The company will implement a training programme for its' staff to raise awareness of environmental issues and enlist their support in improving company improvement.
